

ProfileSolutions USA Inc.

LEAK DETECTION + AUTOMATION TECHNOLOGY

Product Line – (For North America)

- **Profile Solutions** (<https://www.youtube.com/user/PROFILE1963/videos>)
 - World leading leak testers for testing plastic containers 10ml to 1000L, exported to 38 countries.
 - Automation including palletising, bung insertion take-outs, conveyor tables, ASB take-outs.
 - EOAT parts Pisco air-fittings, Mindman cylinders
- **Profileflex Conveyors** (www.profileflex.com)
 - 100% identical to flexlink, in all ways. Totally interchangeable, > 25% less cost.

Plastics and packaging machines ([www. https://www.profilesolutionsusa.com/](http://www.https://www.profilesolutionsusa.com/))

- **Alphamac** – Ultra-high technology all electric blow molding machines single and double station up to 30L, 6 layers. Incredible connectivity, high speed www.alphamac.it 
- **Productive Systems** – World leading semi and fully automatic Bagging machines for plastics bottles to 30,000 bottles per hour. Airveyors for PET bottles. Plus palletizers. <https://www.productivesystems.co.za/> 

- **TSM Controls** – World leading Gravimetric blending systems with optional unparalleled material data information systems. <https://tsm-controls.com/> 
- **Weisheng Automation – IML (In mold labelling)** – From Taiwan, hold many patents, high speed for lids, cups, containers. ½ the cost of European systems, plus vision systems. <https://www.weisheng-auto.com.tw/info.html> 
- **Lianxin IBM** – Economical IBM (injection blow machines) 30-135T (34-151 Us Tons), clamp, to 20 cavities. Turnkey with moulds. You can afford to mold. Top of the range Asian machine. <https://www.lianxinmachinery.com/> 

- **Shousong Shrink Labellers** – Premium Shrink labels machines from 100 to 600 bottles per min with electric or steam shrink tunnels. With Shousong you can afford to label. High technology, international components, have made more than 1000 machines. <http://www.chinashousong.com/> 
- **Preven Italy** – ISBM moulds for ASB, Automa NSB and Aoki. Plus retrofit EBM heads from 1-6 layers and multi parison. <https://www.preven.eu/> 

- **Longhouse machinery** – Checkweighers, side gripper conveyors, + vision. <http://www.longhouse.com.cn/> (Our Chinese leak tester agent). 
- **Chuan Fan – Taiwan** World class centrifugal, side channel and radial blowers to 25hp. <http://www.chuanfan.com/>
